Who We Are

TriNet Pharma develops comprehensive recruiting solutions to help the world's life sciences companies. We identify, recruit, and place top talent who drive results.

Our deep industry experience, from biopharmaceuticals to medical devices, contract to permanent placement, and international team build-out ensure that we align your Medical Affairs organization to your overall business strategy.

Our Achievements

- We've recruited, hired, placed/deployed, and managed field-based Medical Affairs' professionals for teams ranging from 2 to 84 members.
- 98% of TriNet Pharma's clients, from top life sciences companies to middle-market companies, to small start-ups launching their first products are repeat customers.
- Our performance and services extend beyond industry standards, including our Concierge Services.
- Our business development team is comprised of highly respected, former Medical Affairs professionals.
