Are You Trying to Piece Together a Medical Affairs Team?

We can help!

- We know the life sciences industry.
- We know the medical affairs market.
- We know the standard salaries for MSLs, CTLs, and other medical affairs professionals.
- We understand the needs and goals of candidates.
- We know the most effective channels for marketing to medical affairs talent worldwide.

TriNet Pharma offers more than a database of resumes. **Leverage our expertise with no upfront cost.**

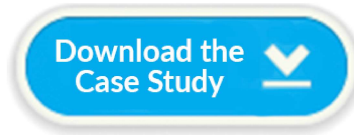

Have You Considered a Contract-to-Hire Staffing Solution?

A contract solution lets you:

- Increase the speed of hiring decisions.
- Assess whether you have a long-term future with the candidate.

- Mitigate risk when future organizational plans are ambiguous.
- Control costs — avoid a significant upfront expense.

Learn how a boutique pharmaceutical company worked with TriNet Pharma to build a team to manage a 1,000-patient registration study for the approval of their first drug.

Let me know if a customized contract staffing solution suits your organization. I'm ready to help you build or enhance a team.

Kind regards,

Elaine Peng
